

The National Outsourcing Association

requests the pleasure of your company for an half day seminar on

**Improving HR in the Public Sector through Outsourcing**

**15th May 2008**

9.00am to 12.30pm followed by a networking lunch

Venue: Osborne Clarke, One London Wall, London EC2Y 5EB

**Sponsored by**

In response to increasing pressure to meet government targets for efficiency, a number of local authorities are benefiting from cost savings through outsourcing some or all of their HR and payroll processes. HR outsourcing can help align your people strategy with your business transformation strategy and introduce predictable and often reduced annual costs for providing consistent and compliant HR.

Dartford Borough Council is the first council in the UK to outsource its entire HR and payroll operation including strategic, operational and administrative HR. The Council will be discussing why they decided to outsource, how they managed the transition, the lessons learnt, and the key benefits so far.

**Agenda**

- 9.15 - 9.30 Registration, tea & coffee served
- 9.30 – 9.45 Outsourcing in the public sector - Martyn Hart, chairman, National Outsourcing Association (NOA)
